## Introduction

This handbook describes the process of taking the Medication Administration Program (MAP) Certification test. A candidate qualifies to take the test after successfully completing an approved MAP training program. The purpose of the test is to ensure that candidates seeking to be MAP Certified staff are prepared to administer medications safely as regulated by the Massachusetts Department of Public Health.

Massachusetts has approved D&S Diversified Technologies, LLP (D&SDT) to provide tests and scoring services for MAP testing and registry services. For questions not answered in this handbook, please contact D&SDT toll-free at (888)734-6211 or go to D&SDT's MAP webpage at:

[http://hdmaster.com/testing/othertesting/massachusetts\\_cma/MA\\_CMA\\_Home.htm](http://hdmaster.com/testing/othertesting/massachusetts_cma/MA_CMA_Home.htm)

There are two components to the MAP Certification test. Candidates must pass the two test components, knowledge and medication administration, to be listed as certified on the Massachusetts MAP registry.

The information in this handbook will help you prepare for your test.

## Americans with Disabilities Act (ADA)

### ADA Compliance

The Massachusetts Department of Public Health and D&SDT provide reasonable accommodations for candidates with a qualified disability or limitations that may affect their ability to take any portion of the MAP test. Accommodations are granted in accordance with the Americans with Disabilities Act (ADA).

If you have a qualified disability or limitation, you may request special accommodations for examination. D&SDT must approve accommodations before testing. If you wish to receive accommodations, inform your MAP trainer and complete the ADA Accommodation Request Form 1404. The request for accommodations can be found on the [D&SDT-HEADMASTER webpage](#) or by clicking on this link: [ADA Accommodation Form 1404](#). This form must be filled out with the required documentation listed on the second page of the ADA application attached and mailed to D&SDT at [mass@hdmaster.com](mailto:mass@hdmaster.com) at least **fourteen business days** prior to your test date for the portion of the test for which you are requesting an accommodation in order to be reviewed for a special accommodation.

ADA request forms submitted without supporting documentation of a diagnosed disability will not be accepted or reviewed.

**Please allow additional time for your request to be approved.** If you have any questions regarding the ADA review process or specific required documentation, please call D&SDT-Headmaster at (800)393-8664.

Please notify D&SDT at (888)734-6211 of the need to reschedule as soon as you become aware and no less than two business days before a scheduled accommodated test.

### Policy for MAP Testing Utilizing American Sign Language (ASL) Interpreters

ASL interpreters are requested through the Massachusetts Commission for the Deaf and Hard of Hearing (MCDHH).

# Massachusetts MAP Testing Candidate Handbook

The following guidelines are for MAP testing utilizing ASL interpreting services.

- D&SDT must submit requests for service to the MCDHH at a **minimum of two weeks before** the test date.
- Interpreter services are not guaranteed on any given test date. If D&SDT is made aware that an interpreter is unavailable for a requested date, the candidate will be notified as soon as possible.
- The ASL interpreter may translate the instructions given by the proctor/tester at the beginning of the testing session into ASL.
- The ASL interpreter does not need to share what communication occurs between the candidate and the ASL interpreter with either the knowledge test proctor or the MAP tester. The ASL interpreter is covered by the code of conduct rules through MCDHH.
- If the interpreter is late or does not show up for the test, the candidate can choose to take the test without the interpreter, with no risk to the candidate if they get a failing score on the attempt.
- If the interpreter arrives late after the candidate has already chosen to take the test without the interpreter, the interpreter is not permitted to join the candidate after the start time listed on the job order.
  - Sign language interpreters will be given the Zoom link to connect to the same testing event as the candidate.

## Additional Testing Time Granted for ASL-Approved Test Candidates

Additional test time is typically granted for ASL-approved test candidates.

### KNOWLEDGE TEST

- Thirty additional minutes for the knowledge test.
  - The candidate is allowed to have all questions interpreted, but the maximum time for testing is one hour and forty-five minutes.
  - The sign language interpreter will log into the same TMU© account so that the questions are accessible.
  - The candidate will mark their own answers in their own test.

### MEDICATION ADMINISTRATION TEST

- Ten additional minutes for the medication administration test.
  - The maximum time for the medication administration testing is twenty minutes (normal testing time of ten minutes plus an additional ten minutes).

reschedule your remotely proctored test until you no longer have any limitations (s). If you decide to continue with your scheduled remotely proctored test while under limitation(s), you will not be given a free reschedule for testing due to any issue arising from the limitation(s). (Examples: cast, arm/leg braces, crutches, etc.) Call D&SDT at (888)734-6211 immediately if you are on medical restrictions/limitations. A report of your behavior will be given to your sponsoring employer and the Massachusetts Department of Developmental Services (DDS), the Department of Mental Health (DMH), the Department of Children and Family (DCF) or the Massachusetts Rehabilitation Commission (MRC).

### Inclement Weather and Unforeseen Circumstances Policy

If a test is canceled due to weather or other unforeseen circumstances, you will be notified via email and/or text message through the TMU© software. If you are uncertain about testing due to overnight weather, please be diligent about checking your email and/or text messages for any cancellations prior to leaving home or work for your skill testing location.

**Note: Remotely proctored testing will be affected only if you travel to your business place to utilize computer and internet services.**

- Testing will proceed as scheduled if the test site is open and the on-site remote tester/proctor (for Med Administration) can travel to the site.
- If you have severe weather that occurs in your area within 24 hours prior to testing and are unable to travel to the test site as a result, you must notify D&SDT via phone call at (888)734-6211 *prior to* your scheduled test date.
  - You will be required to submit documentation within **five business days** of the missed test date regarding the severe weather in your area (e.g., a screenshot from a news station or webpage, a statement from the MassDOT website, or your local police department, etc.) for review to determine if the \$45 No Show fee will be waived.
- If you do not attend your test due to weather-related issues (e.g., extended power outage, your roof falling in due to heavy snow or trees falling, etc.), you will be required to submit documentation within **five business days of the missed test date** regarding the weather-related issue. Examples of appropriate documentation would be a claim form from your insurance company, a copy of a repair bill or estimate, a printout of power outage areas from the power provider, etc.).

## Security

If you refuse to follow directions, use abusive language, disrupt the remotely proctored test environment, or are visibly impaired, your test will be stopped and scored as a failed attempt. You will be dismissed from the remotely proctored testing room and will forfeit any testing fees paid. A report of your behavior will be given to DDS, DMH, DCF, or MRC.

You will not be allowed to test for a minimum of six months. To be eligible to test again, you must obtain permission from DDS, DMH, DCF, or MRC.

Anyone who removes or tries to take notes or information during the remotely proctored test will be reported to DDS, DMH, DCF, or MRC and is subject to prosecution to the full extent of the law by D&SDT. Your test will be scored as a failed attempt, and you will forfeit any testing fees that have been paid. You will not be allowed to retest for a minimum period of six (6) months. You will need permission from DDS, DMH, DCF, or MRC to be eligible to test again.

If you give or receive help from anyone during remotely proctored testing (which also includes the use of any other electronic recording devices or aides such as cell phones or smart watches, other than the two devices you are taking your tests on), your remote proctored test will be stopped and scored as a failed attempt. You will be dismissed from the remotely proctored testing room and will forfeit any testing fees paid. You will be reported to DDS, DMH, DCF, or MRC. You must obtain permission from DDS, DMH, DCF, or MRC to be eligible to test again.

## Massachusetts MAP Testing Candidate Handbook

### No Shows

If you are scheduled for your remotely proctored test and do not sign in before the time listed on your confirmation email to be checked in by the remote tester/proctor or do not show up without notifying D&SDT at least **two full business days** prior to your scheduled test, **excluding** Saturdays, Sundays, and Holidays, or if you are turned away for lack of proper identification or any other reason that makes you ineligible to test, you will be considered a **NO SHOW**. You will forfeit all fees paid and must submit a new testing fee to schedule yourself for a new test.

If a reschedule or refund request of testing fees paid is not received before the two full business days preceding a scheduled test, excluding Saturdays, Sundays, and Holidays (see examples under Reschedules and Refund of Testing Fees Paid), a NO SHOW status will exist, and you will forfeit your testing fees. You must repay the full testing fee to secure a new test.

### No Show Exceptions

Exceptions to the No Show status exist; if you are a No Show for any test component for any of the following reasons, a free reschedule will be authorized to the candidate of record, providing **the required documentation is received within the designated time frames outlined below and approved by the MA Program Manager**:

You will receive an email and/or text once your test is officially scored. This notice will give you a link to complete an exit survey. A link is also available when you sign in to your TMU© account to see your test results. The exit survey is confidential and will not affect the outcome of any test. You are encouraged to complete the exit survey questions with honest feedback regarding your test experience to help improve the testing process.

### Test Results

After completing your MAP test, your test will be officially scored and double-checked by D&SDT scoring teams. Once the scoring process is complete, you will receive an email and/or text letting you know your test results are available. ### Test Attempts

You have **three attempts** to pass any combination of the knowledge and medication administration test components. Once you receive three failed scores (any combination) you must successfully complete a remedial training by your trainer of record (if offered) or a trainer employed within your facility (if offered) or you must complete the full MAP training program again.

- If you complete a remedial training program after three failed scores (any combination), you will only retest on the component that you previously failed. Your three-month window is not extended in this option. Your original training expiration will stand.
- If you complete a new MAP training program after three failed scores (any combination), you will have to retest on all three components, even if you passed a component under your previous training. You will obtain a new three-month window for testing.

## Retaking Components of the MAP Test

If your test results show that you failed a component of the MAP test, you may apply to retake it. You will need to adhere to the guidelines below to secure a new test date.

### Retaking the Knowledge Test

If you fail your Knowledge Test Component:

#### DDS/DMH/DCF/MRC SPONSORED CANDIDATES

- If you are a DDS/DMH/DCF/MRC sponsored candidate, and you fail your KNOWLEDGE TEST component, you may secure a new test date by signing into TMU© after 6:00PM Eastern Standard time the business day after your test event and selecting a new date and time under the Testing tab.

#### NON-SPONSORED CANDIDATES

- After your employment has been re-verified, you may secure a new test date by following the instructions under Remotely Proctored Testing Information.

#### NON-SPONSORED CANDIDATES

- You may secure a new remotely proctored test date by following the instructions under Remotely Proctored Testing Information.

## Test Review Requests

You may request a review of your test results or dispute any other condition of your remotely proctored testing. **There is a \$25 test review deposit fee.** To request a review, you must submit the PDF fillable [Test Review Request and Payment Form 1403](#) available on D&SDT-Headmaster's main webpage at [www.hdmaster.com](http://www.hdmaster.com) (before you get to the Massachusetts MAP webpage) with a detailed step-by-step explanation of the steps you demonstrated but believe you were not credited with during your remotely proctored test. Submit the Test Review Fee of \$25 (MasterCard, Visa, or debit card) and a detailed explanation of why you feel your dispute is valid (upload with Form 1403) via the PDF fillable Test Review Request and Payment Form 1403 **within three (3) business days** from official scoring of your remotely proctored test (excluding Saturdays, Sundays and Holidays). Late requests will be returned and will not be considered.

**PLEASE READ BEFORE FILLING OUT THE TEST REVIEW REQUEST:** Please call D&SDT at (888)734-6211 and discuss the test outcome you are questioning before committing to sending the \$25 test review request deposit fee. Once you have further details about the scoring of your remotely proctored test, you will often understand the scoring process

and learn how to better prepare yourself for subsequent exam attempts. If, after discussion with D&SDT staff, you still have a concern with your testing process that affected the outcome of your exam, you may submit a Test Review Request.

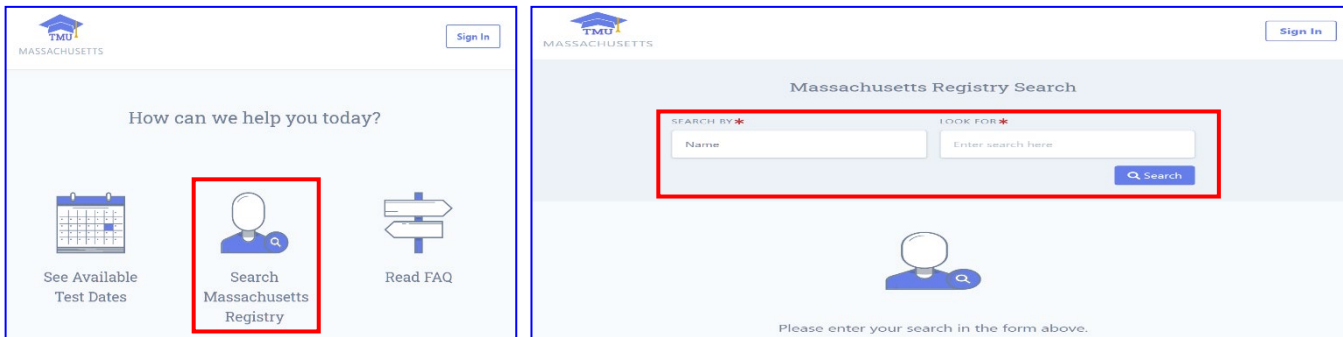

If the results of the review are in your favor, D&SDT will refund your test review fee. D&SDT will re-check the scoring of your test and may contact you and/or the tester/proctor for any additional recollection of your test(s). D&SDT will complete your review request within ten business days of receiving your timely review request and will email the review results to your email address.

If you decide to schedule and pay for another test component while waiting for the review outcome, and you successfully pass the component previously failed, and your review outcome is in your favor, the test review fee *plus* the additional test component fee you paid will be refunded.

**Note:** D&SDT will not review test results or disputes with family members or anyone else (providers/trainers, programs, etc.) on behalf of the candidate.

### MAP Registry

The Massachusetts MAP Registry contains all MAP-certified staff in Massachusetts. The MAP Registry can be accessed at [ma.tmutest.com](http://ma.tmutest.com).

### Certification

Your certification is valid for a two-year period. You must re-certify within 90 days of your expiration date. If you do not re-certify within the 90-day re-certification period, your certification will lapse. You are eligible to re-certify for up to one year from when your certification expired, however, you will no longer be eligible to administer medications. For questions regarding your MAP certification status, go to the MAP webpage at:

[http://hdmaster.com/testing/othertesting/massachusetts\\_cma/MA\\_CMA\\_Home.htm](http://hdmaster.com/testing/othertesting/massachusetts_cma/MA_CMA_Home.htm)

Or contact the MAP Registry staff Monday through Friday 8:00AM to 8:00PM EST, via phone call at (888)734-6211 or by fax at (419)422-7395.

### Re-Certification Process

Re-certifications can be done through D&SDT or in-house. If a re-certification is scheduled through D&SDT, the entire re-certification process must be completed through D&SDT. Once the process begins, an in-house re-certification is

not allowed. Vice versa, if an in-house re-certification is completed first, the process must be completed through the in-house re-certification.

### The Knowledge Test Component

The purpose of the knowledge component is to test your understanding of all job duties detailed in the approved Massachusetts MAP curriculum, ‘Responsibilities in Action’ (RIA), as they relate to medication management.

You should have received information during your MAP training explaining that it is to your advantage to spend time on your own reading RIA from cover to cover as well as taking the pretest over and over. The pretest is available by signing into your TMU@ account at [ma.tmutest.com](http://ma.tmutest.com).

The knowledge test component is administered electronically via TMU@. The test will be displayed on a computer screen for you to read and key in your answers.

You will have a maximum of 75 minutes to complete the test. You will be told when 15 minutes remain. You may not ask questions about the content of the test, such as “What does this question mean?”

**You must have a score of 80% or better to pass the knowledge test component of the MAP test.**

### Knowledge Test Content

The Knowledge Test consists of 50 multiple-choice questions. Questions are selected from RIA subject areas. The subject areas and number of questions from each area are listed below:

Subject Area	Number of Questions	Subject Area	Number of Questions
Unit 1: Introduction and Working in a MAP Registered Program	5	Unit 6: Recording Information	5
Unit 2: Observing and Reporting	6	Unit 7: Administering Medication	10

## The Skill Test Components

### The Remotely Proctored Medication Administration Demonstration Component

The purpose of the medication administration component is for you to demonstrate that you can administer medication safely, as outlined in RIA Unit 7.

The medication administration demonstration occurs in an individual setting and is conducted by a certified tester.

- For testing purposes, your hands are considered washed, and the medication is double-locked.
- You have a maximum of **10 minutes** to complete your medication administration demonstration.
- Listen carefully to all instructions read by the tester. You may ask to have any of them repeated at any time.
- You are read a scenario immediately before you demonstrate. The scenario includes the name of the individual and the date and time you are administering the medication. Based on the scenario, you must determine the correct medication to administer. The medication is countable. You are given a copy of the scenario for reference.
- You are asked if you have any questions. Once the test begins, you may not ask further questions.
- After listening to the scenario, use the medication book provided to locate the right individual's medication sheet and determine what medication to remove from the medication box.
- If you believe you made a mistake during the medication administration demonstration, tell the tester. For a correction to be accepted, you must re-demonstrate or correct **any step** or **steps** you believe you performed incorrectly at **any time** during your allotted 10 minutes or until you tell the tester you are finished.
- No corrections are accepted after the medication has been administered or after documentation has been completed.
- **All steps must actually be demonstrated. Steps that are only verbalized WILL NOT COUNT.**
- A passing test score can be achieved when all **BOLDED** 'Key Steps' are successfully performed and no more than two 'non-key steps' are missed.
- A failing score will occur when one single **BOLDED** 'Key Step' is not successfully performed or when any combination of three 'non-key steps' is missed.

### Medication Administration Demonstration Checklist used by the Tester
