Dear Training Facilities,

2012 INSTRUCTOR WORKSHOPS

Below is a list of upcoming CMA instructor workshops which will be presented by D&S Diversified Technologies. These workshops are designed to help facilities better understand the testing process for their candidates. We will also be able to answer any questions regarding the updated candidate handbook. Please send this back to D&S as soon as possible so we can make every attempt to accommodate those interested in attending the workshop. We can only accept **two participants per facility**. Please select your choice of the workshop location that you would like to attend and mail or fax this form to D&S Diversified Technologies(address and fax listed above). We do have limited space so you will receive a confirmation letter once you are scheduled for a workshop. Please feel free to call and speak to Heather to confirm your registration.
