WELCOME, DISTRICT OF COLUMBIA NURSING ASSISTANT COMPETENCY TESTING!

D&S DIVERSIFIED TECHNOLOGIES (D&SDT) has been approved by the District of Columbia's Board of Nursing to administer Nursing Assistant Competency Evaluation knowledge and skill certification testing in the District of Columbia.

We look forward to working with all the stakeholders who will test and work with D&SDT in the District of Columbia Nurse Aide Testing Competency Exam Program (NATCEP). We are an innovative company bringing an adaptive testing model to the District of Columbia that will evolve over time to reflect the exact needs of the District of Columbia NATCEP. We can adapt quickly because we provide open, honest communication and meaningful, detailed feedback for ALL the NATCEP "players." This will result in a training/testing environment where we all contribute our best efforts, and everyone will have confidence that the District of Columbia NATCEP, offered by D&SDT, is the best it can be.

Our testing model allows training program instructors to use an Internet registration system (D&SDT's in-house testing software platform - TestMaster Universe TMU©) for their nursing assistant students, verify candidate training completion online, view online candidate test schedule information, and access composite training reports via TMU©. Instructors and candidates will be able to schedule examination dates online. Qualified training programs can become test sites, allowing students to take the test shortly after graduation at the location where they were trained (In-facility testing), which can reduce test anxiety and statistically improve candidate pass rates. In addition to in-facility testing, we will have approved regional test sites (regional test seats) to provide additional testing opportunities for all nursing assistant test candidates. **The District of Columbia Nursing Assistant TMU© site is: <https://dc.tmutest.com>.**

The [District of Columbia CNA web page](#) offers a wealth of information for programs, instructors, candidates, and more. As we ramp up in DC, the page will continually change as we add more tools and items. **Click on [District of Columbia CNA](#) for:**

- ❖ Forms for creating Instructor and Training Program accounts.
- ❖ The District of Columbia Nurse Aide Candidate Handbook provides information about testing, test day and what to expect, scheduling, testing procedures and policies, and much more.
- ❖ How to sign in to TMU© for candidates and programs.
- ❖ Training program information regarding entering candidates and completing candidate records.
- ❖ Forms and materials used in testing and mock skills to help prepare for the competency exam.
- ❖ Steps to become a test site.
- ❖ Important FAQs.

We will be hosting Meet-and-Greet sessions and Instructor Workshops in the near future. The sign-up form for the Instructor Workshops is available [here](#). The links are also on D&SDT's [District of Columbia CNA web page](#).

Eligible CNA testing candidates who are interested in testing with D&S Diversified Technologies (D&SDT) may review and submit the [Attestation of Previous Training Form 1101 Application](#) located on the DC TMU© site.

We look forward to building relationships and working with all DC stakeholders. If you have any questions, concerns, or need assistance, please give us a call.

Business hours are: Monday through Friday, 8:00AM to 7:00PM Eastern Time.

D&SDT's phone number is (888) 401-0462.

It will be answered by a live person within three rings during normal business hours!
