INTRODUCTION

Congress adopted the Nursing Home Reform Act in 1987 as part of the Omnibus Budget Reconciliation Act (OBRA '87). This federal law was designed to improve the quality of care in long-term healthcare facilities and define training and evaluation standards for nursing aides who work in such facilities. Each state is responsible for following the terms of this federal law.

As defined in the OBRA regulations, a Nurse Aide Competency Evaluation program provides specific standards for nurse aide-related knowledge and skills. This program aims to ensure that candidates seeking to be nurse aides understand these standards and can competently and safely perform the job of an entry-level nurse aide.

This handbook describes the nurse aide competency examination process and is designed to help prepare candidates for testing. The examination has two parts: a multiple-choice knowledge test and a skill test. Candidates must pass both parts to be identified and listed on the Missouri Nurse Aide Registry.

The Missouri Department of Health (DHSS) has approved D&S Diversified Technologies, LLP (D&SDT)-HEADMASTER, LLP to provide tests and scoring services for nurse aide testing. For questions not answered in this handbook, please contact D&SDT-HEADMASTER at (888)401-0462 or go to D&SDT-HEADMASTER's [Missouri Nurse Aide webpage](#) or at www.hdmaster.com and click on 'Missouri CNA'. The information in this handbook will help you prepare for your examination.

MISSOURI NURSE AIDE REGISTRY REQUIREMENTS

The Missouri Nurse Aide Registry (MOCNAR) lists the names of certified nurse aides who, through training, testing, and experience, meet federal and/or state requirements to work as a certified nurse aide in Missouri. The Registry also identifies candidates who have been placed on the EDL (Employee Disqualification List) or who have a Federal Indicator (a CNA employed in a certified facility that has been found guilty of abuse, neglect, or misappropriation of property) on their license.

Upon successful completion of training, passing both the knowledge and skills portions of the competency exam, and meeting federal and/or state requirements, a nurse aide candidate will be listed on the Missouri Certified Nurse Aide Registry (MOCNAR). A newly trained nurse aide candidate must pass both the knowledge and skills exams within one (1) year of the training start date.

Review the **Nurse Aide Competency Exam** section to help prepare for the exam.

Registry Maintenance

Once placed on the Missouri CNA Registry, it is your responsibility to maintain your demographic information so that renewal notifications/alerts can be delivered to you in a timely manner. You must renew electronically by signing in to your TMU© account at mo.tmutest.com. Use your Email or Username and Password to sign in. If you are new to the system or have forgotten your password, refer to the '**Forgot Your Password and Recover your Account**' section in this handbook to reset your password. If you need assistance signing in to your TMU© account, call D&SDT-HEADMASTER at (888)401-0462. Renewal reminders are emailed to your TMU© account email address of record and/or texted to your SMS-capable phone, so it is important to keep your contact information up to date.

Note: Renewal notifications/alerts are sent via email and text message 60 days before your certification expiration date. No renewal certifications are sent via USPS mail. It is important to keep your TMU© demographic information updated to receive your renewal notification.

You can check your registry status, update your address and phone number, and check your eligibility expiration date from any Internet-capable device at any time at mo.tmutest.com.

DEMOGRAPHIC UPDATES / CHANGES / CORRECTIONS

Registry name changes (marriage/divorce, etc.), date of birth changes, social security number corrections, etc., must be verified with appropriate documentation. Please complete the [**DEMOGRAPHIC CHANGE/CORRECTION REQUEST FORM**](#) and upload your demographic change/correction documentation. The form is under 'APPLICATIONS' on the Missouri TMU© main web page (before you log in to your account), or click on this link: <https://mo.tmutest.com/apply/7>.

Registry Renewal

To maintain eligibility to work, you must renew your eligibility every twenty-four months. To be eligible to renew, you must work for pay as a certified nurse aide performing nursing or nursing-related services at least eight (8) consecutive hours during the previous twenty-four months.

Note: If the documentation of work hours is unrelated to nursing services, your renewal may be denied. If denied, you may be allowed 15 business days to provide the correct documentation before you will be required to pay another renewal fee. Please ensure the documentation for the renewal includes 8 hours of nursing services provided within the last 24 months.

To renew, sign in to your TMU© account at mo.tmutest.com and list your work hours and where you were employed. You will be self-attesting that you have worked as a CNA for at least 8 hours during the last certification period at the facility (employer) you listed. Your eligibility will be extended an additional twenty-four months.

Under federal regulations, a certified nurse aide becomes ineligible for employment if they do not perform at least 8 hours of nursing-related services for pay in a health care setting for a period of 24 consecutive months. To re-establish employment eligibility on the MOCNAR, you must successfully pass both components (knowledge and skills) of the approved Missouri nurse aide competency examination.

Renewal Instructions

To renew your certification, sign in to your TMU© account at mo.tmutest.com.

If you do not know your Email or Username and Password, enter your email address and click on 'Forgot Your Password?' You will be asked to re-enter your email, and a 'reset password link' will be sent to your email (see the 'Forgot Your Password and Recover your Account' section). If you are unable to sign in for any reason, contact D&SDT-HEADMASTER at (888)401-0462.

There are two options to pay the renewal fee:

- **Self-Pay:** pay the fee yourself with a credit card.
- **Sponsor Payment:** your employer pays the fee for you.

REGISTRY RECIPROCITY

This information is for applicants who want to be entered on the MOCNAR through the Missouri Reciprocity/Out-of-State registry placement process.

How to Transfer your Certified Nurse Aide (CNA) Certification to Missouri from another State

To be considered for placement on the MOCNAR, you must be current and in good standing on a certified nurse aide registry in a state other than Missouri.

You must complete an out-of-state reciprocity application to meet the criteria and apply for reciprocity placement on the MOCNAR. The [Missouri CNA Reciprocity Application](#) can be found on the Missouri main TMU© page under 'APPLICATIONS' at <https://mo.tmutest.com/apply/2>.

Once DHSS has received your completed application and all required documentation, they will determine if you are eligible to be added to the Missouri Certified Nurse Aide Registry. You must have a valid email address to receive your TMU© login username and temporary password. You may check your Missouri Nurse Aide Registry (MOCNAR) listing at mo.tmutest.com. Any personal information entered into TMU© will only be used to determine whether you can work as a certified nurse aide in Missouri. Failure to provide complete and accurate information during the reciprocity determination process may delay or even prevent you from being listed on the MOCNAR.

Criteria to Challenge the Certified Nurse Aide Training Requirement

Individuals who meet special criteria may be eligible to take just the final certification examination (both knowledge and skills) without taking the certified nursing assistant course. **A challenge will only be approved for one attempt to take the test. If either the skills test or the knowledge test is failed, then the individual will need to retake the whole course.** For detailed information on the criteria to challenge the exam, follow the Missouri Department of Health and Senior Services link: health.mo.gov/safety/cnaregistry/

AMERICANS WITH DISABILITIES ACT (ADA)

ADA Compliance

The Missouri State Department of Health (DHSS) and D&SDT-HEADMASTER provide reasonable accommodations for candidates with disabilities or limitations that may affect their ability to perform the nurse aide competency examination. Accommodations are granted in accordance with the Americans with Disabilities Act (ADA).

If you have a qualified disability or limitation, you may request special accommodations for the examination. D&SDT-HEADMASTER must approve accommodations in advance of the examination. Complete the [ADA Accommodation Request Application](#) found on the Missouri Nurse Aide TMU© main page under 'APPLICATIONS' to be reviewed for accommodation.

ADA Accommodation Request Applications submitted without the required supporting documentation of a diagnosed disability will not be reviewed until the required documentation is provided. D&SDT-HEADMASTER will email you if further documentation or information is required using the email in your TMU© account.

Please allow additional time for your request to be approved. If you have questions regarding the ADA review process or specific required documentation, please call D&SDT-HEADMASTER at (888)401-0462.

See more information under '[Demographic Updates / Changes / Corrections](#)'.

Note:

- **You will not be admitted for testing if you do not bring proper/valid identification.**

Refund of Testing Fees Paid

Requesting a refund of testing fees paid is different than rescheduling a test date. Requesting a refund means you are not interested in taking the Missouri nurse aide certification exam.

SCHEDULED IN A TEST EVENT

- 1) If you are scheduled for a test event, you can request a refund of the testing fees paid by filling out and submitting the [CANDIDATE-Refund Request Fillable Form](#) on D&SDT-HEADMASTER's Missouri webpage at [Missouri webpage](#) at least one (1) full business day before your scheduled test event (excluding Saturdays, Sundays, and holidays). No phone calls will be accepted.
 - *Example:* If you are scheduled to take your exam on a Saturday, Sunday, or Monday, you would need to request a refund by the close of business on the Thursday before your scheduled exam. D&SDT-HEADMASTER is open until 7:00PM CT, Monday through Friday, excluding holidays.
- 2) Refund requests made in the required time frame qualify for a full refund of any testing fees paid minus a \$35 refund processing fee.
- 3) Refund requests must be made within thirty (30) days of payment of the original testing fees with D&SDT. Any requests for refunds made more than 30 days after the original payment of testing fees with D&SDT *will not be issued*.

NOT SCHEDULED IN A TEST EVENT

Unforeseen Circumstances Policy

If an exam date is canceled due to weather or other unforeseen circumstances, D&SDT-HEADMASTER staff will make every effort to contact you using the contact information (phone number/email) we have on file in your TMU© account to reschedule you at no additional charge to a mutually agreed-upon new test date.

Therefore, you must keep your contact information up to date in case we need to contact you (**see examples below for reasons we may not be able to contact you that you are responsible for*).

If D&SDT-HEADMASTER is unable to reach you via phone call or email with the information in your TMU© account (**see examples below*) due to an unforeseen circumstance for a test event you are scheduled for, you will be removed from the test event, and D&SDT-HEADMASTER will not reschedule you until we hear back from you.

NOTE: The *examples listed below are your responsibility to check and/or keep updated.

 - you do not call us back in a timely manner
 - your phone number is disconnected/your voice mailbox is full
 - you do not check your messages in a timely manner
 - you do not check your email or reply to our email in a timely manner
 - your email is invalid, or you are unable to access your email for any reason

See more information under '**No-Show Exceptions**'.

If you are scheduled for your exam and do not show up without notifying D&SDT-HEADMASTER at least one (1) full business day before your scheduled testing event, **excluding** Saturdays, Sundays, and holidays, OR if you are turned away for lack of proper identification, not arriving on time to the test site or any other reason to deem you ineligible to test, you will be considered a **NO-SHOW status**. You will forfeit all fees paid and must sign in to your TMU© account to repay or submit a new testing fee to schedule yourself into a new test event.

These fees partially offset D&SDT-HEADMASTER's costs incurred for services requested and the resulting work that is performed. If a reschedule or refund request is not made or received before the one (1) full business day preceding a scheduled test event, excluding Saturdays, Sundays, and holidays (see examples under Reschedule a Test Event and Refund of Testing Fees Paid), a NO-SHOW status will exist. You will forfeit your testing fees and must repay the full testing fee to secure a new test event.

Test Attempts

You have **three attempts** to pass the knowledge and skill test portions of the exam.

Any individual who fails the final examination, except those who have been permitted to challenge the examination, shall have the opportunity to retake the examination twice within ninety (90) calendar days of the initial examination. If the individual fails the final examination a third time, the entire basic course shall be retaken before another examination can be given.

Retaking the Nurse Aide Exam

If you fail the knowledge and/or skill portion of the examination, you will need to pay for the portion you failed before scheduling a new exam date when you apply for a retest.

You can schedule a test or re-test online by signing in to your TMU© account with your Email or Username and Password at mo.tmutest.com. (See instructions with screenshots under '**Schedule / Reschedule a Test Event**')

You will need to pay with a Visa or Master Card before you can schedule.

If you need assistance scheduling your retest, please call D&SDT-HEADMASTER at (888) 401-0462 during regular business hours, 7:00AM to 7:00PM CT, Monday through Friday, excluding holidays. We can assist you in scheduling a test or retest date, provided your fees have been paid first.

Test Review Requests

You may request a review of your test results or dispute any other testing condition. The purpose of this review process is to ensure fairness and accuracy in the evaluation of your test.

***PLEASE READ BEFORE FILLING OUT THE TEST REVIEW REQUEST:** Please call D&SDT-HEADMASTER at (888)401-0462 during regular business hours, Monday through Friday, 7:00AM to 7:00PM CT, excluding holidays, and discuss the test outcome you are questioning before committing to sending the \$25 test review request deposit fee. Once you have further details about the scoring of your test, you will often understand the scoring process and learn how to better prepare yourself for subsequent exam attempts. If, after discussion with D&SDT-HEADMASTER staff, you still have a concern with your testing process that affected the outcome of your exam, you may submit a Test Review Request.

There is a \$25 non-refundable test review deposit fee. To request a review, complete the [**Test Review Request and Payment Application**](#), available on the Missouri TMU© main page (before you log in to your account) at mo.tmutest.com. Test Review Requests must be received **within three (3) business days from the official scoring of your test** (excluding Saturdays, Sundays, and holidays). Late requests will be denied and will not be considered.

Since one qualification for certification as a nurse aide in Missouri is demonstrated by examination of minimum nurse aide knowledge and skills, the likely outcome of your review will determine who pays for any retests that may be granted. If, after investigation, the review finding is in your favor, you will be refunded the \$25 test review deposit. If the findings of the review are *not in your favor*, the \$25 test review deposit will stand, and the fee is non-refundable.

D&SDT-HEADMASTER will review your detailed recollection, your knowledge test markings, and any skill task measurements you recorded at the time of your test, in addition to reviewing markings, notations, and measurements recorded by the RN Test Observer at the time of your test. We will interview the RN Test Observer, Actor, or Knowledge Test Proctor about the facts detailed in your dispute documentation. D&SDT-HEADMASTER will re-check the scoring of your test and may contact you and/or the RN Test Observer, Actor, and/or Knowledge Test Proctor, and other candidates who were on-site at your test event for any additional information about the test event.

D&SDT-HEADMASTER cannot review test results or reviews with the candidate's instructor/training program. After a candidate reaches the age of 18, D&SDT-HEADMASTER will only discuss test results or test reviews with the candidate. D&SDT-HEADMASTER will not review test results or reviews with family members or anyone else on behalf of the candidate once the candidate reaches 18 years of age.

D&SDT-HEADMASTER will complete your review request within ten (10) business days of receiving it in a timely manner. D&SDT-HEADMASTER will email the review results to your email address and the Missouri State Department of Health (DHSS).

THE MANUAL DEMONSTRATION SKILL TEST

- The purpose of the Skill Test is to evaluate your performance when demonstrating DHSS-approved nurse aide skill tasks. You will find a complete list of skill tasks in this handbook.
- You will be asked to present your ID, which you showed the RN Test Observer at check-in.
- Be sure you understand all instructions you read while in the waiting area before you begin your skill task demonstrations. You may not ask questions once the Skill Test begins and the timer starts. Once the Skill Test begins, the RN Test Observer may not answer questions.
- Each of your randomly selected three (3) or four (4) tasks will have scenarios associated with them. The scenarios will be read to you by the RN Test Observer immediately before you are asked to do each task.
- You will be allowed **thirty (30) minutes** to complete your three or four tasks. After fifteen (15) minutes have elapsed, you will be alerted when 15 minutes remain.
- Listen carefully to all instructions given by the RN Test Observer. You may request to have any of the scenarios repeated **at any time** during your Skill Test up until you run out of time or tell the RN Test Observer that you are finished with your skill task demonstrations.
- You must successfully complete 100% of the tasks you are assigned. You may not miss any key steps (the **bolded** steps) and must achieve 80% or higher on the non-key steps on each task to pass the Skill Test.
- If you believe you made a mistake while performing a task, tell the RN Test Observer you would like to make a correction. You will need to correctly demonstrate the step or steps on the task you believe you performed incorrectly to receive credit for the correction.

- You may repeat or correct **any step** or **steps** on any task you believe you have performed incorrectly at **any time** during your allotted 30 minutes or until you tell the RN Test Observer you are finished with the Skill Test.
- The skill task steps are not order dependent unless the words BEFORE or AFTER are used in a step.
- When you finish each task, verbally tell the RN Test Observer you are finished and move to the designated “relaxation area.” When the RN Test Observer and actor have set up and are ready for your next skill task demonstration, the RN Test Observer will read the scenario for your next task.
- **All steps must actually be demonstrated. Steps that are only verbalized or simulated WILL NOT COUNT.**

Skill Test Recording Form

If your skill test includes a skill task that requires recording a count or measurement, the RN test observer will provide a recording form similar to the one displayed. You are required to sign the recording form during the demonstration of the equipment/supplies.

Skill Test Tasks

You will be assigned one of the following mandatory tasks with embedded hand washing using soap and water as your first task:

- Catheter Care for a Female Resident with Hand Washing (**DEMONSTRATED ON A MANIKIN**)
- Don PPE [Put On] (Gown and Gloves), Empty a Urinary Drainage Bag, Measure and Record Urine Output, Doff [Remove] PPE, with Hand Washing
- Perineal Care for a Female Resident with Hand Washing (**DEMONSTRATED ON A MANIKIN**)
- Perineal Care for a Male Resident with Hand Washing (**DEMONSTRATED ON A MANIKIN**)

Note: Hand washing with soap and water is embedded in each mandatory task and must be demonstrated at the end of each.

You will also receive an additional two (2) or three (3) randomly selected tasks from the Skill Task listing below. These selected tasks will make up your personalized and unique skill test. Each skill test randomly assigned by the TMU© skill test assignment algorithm will be comparable in overall difficulty.

Skill Tasks Listing

To receive credit, you must actually perform and demonstrate every step during your skill test demonstration.

The steps listed for each task are required for a nurse aide candidate to successfully demonstrate minimum proficiency in the skill task for the RN Test Observer. **The steps will be performed on a live resident actor for all but three tasks: catheter care and perineal care for a female resident, and perineal care for a male resident, which will be performed on a manikin.** You will be scored only on the steps listed.

If you fail the Skill Test, there will always be one of the first mandatory tasks to start each Skill Test. The other tasks included in your Skill Test are randomly chosen to ensure that every Skill Test is comparable in difficulty and has an average time to completion. The RN Test Observer will observe your demonstrations of your skill tasks and record what they see you do. D&SDT-HEADMASTER scoring teams will officially score and double-check your test.

Note: The skill task steps included in this handbook are offered as guidelines to help prepare candidates for the Missouri nurse aide skill test, and the steps included herein are not intended to be used to provide complete care that would be all-inclusive of best care practiced in an actual work setting.
