All security and testing policies are adhered to during the remotely proctored knowledge exam. Please refer to the sections in the Candidate Handbook for information.

- The 'video conferencing app' link (for example, Zoom) must be maintained during the entire knowledge exam.
 - If the 'video conferencing app' (for example, Zoom) connection is lost, you must immediately reconnect or be subject to being exited from the test event by the remote Proctor, and your exam will be scored as a failed attempt.
- Your device **must not be muted** during testing so that the remote Proctor can hear if there are any distractions or other interruptions during your exam. **REMEMBER:** You need to test in a distraction- and interruption-free area, just as you would *in the knowledge test room at a test site*.
- On testing day, you **will not be allowed to receive any assistance with your setup** from anyone in your environment (e.g., room or area). **If someone else is in the room with you, the remote Proctor will remove you from the meeting, and you will be considered a no-show status.** You will forfeit any testing fees you have paid and must repay them to schedule a new test.
- You must be **alone** (by yourself during the entire time while testing) in a quiet, isolated, secured room/area free of distractions, interruptions, and any other people, children, or pets.
- Along with showing the remote Proctor your surroundings/entire room during check-in, the remote Proctor may also ask you to show your room/entire surroundings at any time during your test.
- During your test, your smartphone/tablet must be positioned so that the remote Proctor can clearly see you, your keyboard, mouse (if used), and the entire screen of your computer/tablet/laptop. *You may not use a background filter or blur your background.*
- If the remote Proctor has any reason to believe that you are cheating or not following instructions, your test will be ended and scored as a failed attempt.

Failure to adhere to any remote testing conditions/policies will require the remote Proctor to stop your test, and it will be scored as a failed attempt.

You will have **60 minutes** to complete the exam. The multiple-choice questions will be presented to you, one at a time, on the computer screen to select answers A, B, C, or D. You can navigate through the exam questions with the previous and next buttons. You can monitor your time at the top of your screen, and the remote Proctor will announce when 15 minutes are remaining.

- Scratch paper **is allowed**. You must show the scratch paper to the remote Proctor. At the end of your test, you will be asked to show the scratch paper to the remote Proctor again, then told to tear it up in view of the remote Proctor. You will be asked to mute your connection while this is done so as not to disturb others testing.
- Calculators **are not allowed**.
- Foreign language word-for-word translation dictionaries, translators, electronic dictionaries, and non-approved language translators **are not allowed**.
- If you have requested an AUDIO version of the Knowledge Exam, you will need to have wired headphones/earbuds that plug into the computer (**Bluetooth-connected devices are not allowed**). You will need to show the remote Proctor your headphones/earbuds during check-in.

If you have any issues with the computer, please let the remote Proctor know.

When you believe you are finished with your exam, double-check all your answers. Then, quietly alert the remote Proctor that you are finished.

You will click the **End Exam** button when directed by the remote Proctor to do so. If you have any remaining questions, you will be notified via a pop-up and can return to answer them, provided time remains.
